Happy Winter Holidays

December 25, 2022

Dear Residents,

It's Christmas Eve as I write this. To those of you who were leaving town yesterday, I hope your travels were safe and not affected by the winter storm. I'm on the Foster service at CUH. Over the last few days, we expedited discharges so that our patients could spend time with their loved ones. I wish that all of you could be off (wouldn't that be nice 😊). To those of you who are working this week, I wish you a joyful week off next week.

Whatever you commemorate (Christmas, Las Posadas, Hannukah, Kwanzaa, Winter Solstice, or anything else from your traditions), I wish for you a peaceful and cozy celebration. I know that it has been brutally cold these last few days. I hope no one experienced any trouble. Mercifully, next week will be warmer.

A big thank you to the chief residents for making sure that everyone got some time off

Warm regards,
Dino Kazi
